February 2026

Dear Year 11,

Your attitude and behaviour during the recent PPEs has been outstanding. Combined with your hard work, dedication, and resilience, this has made us all incredibly proud of what you have achieved. These results reflect the effort you have put in, both in lessons and through your independent study.

It is important to maintain the same high standards right through to the end of Year 11 so that you can finish strong and achieve the results you deserve. Keep working hard in lessons, during Session Zero and P2S and at home, every bit of effort counts. Attendance is crucial, so make sure you are in school every day to get the most from your learning and support.

To support you, you will be invited to additional classes during February half term, the Easter holidays, and May half term to ensure you are fully prepared for your final exams. There will also be a few more PPEs in March for certain subjects to give you extra practice and help identify any areas to focus on. These PPEs are designed to help you feel confident and ready for the real exams.

PPE timetable:

Please also note that the Year 11 PPEs' and Parents' Evening will take place on **Thursday 26<sup>th</sup> February**. Post-16 college representatives will also be there to offer practical advice and guidance to you and your parents, and to help answer any questions about your progress, next steps, and preparation for exams.

Resilience, dedication, and consistent effort are key. Keep pushing yourselves, take advantage of all the support available, and stay focused; the results you want are within reach. We are proud of how far you have come and look forward to celebrating your continued success.

Have an enjoyable half-term.

Regards
